KISSology: Volume 1 now 8 times platinum in Canada

August 14, 2007, Toronto, ON - Fontana North and VH1 Classic Records are excited to announce the release of ***KISSology: Volume 2 1978-1991***, the second instalment of the definitive three-part collection, in stores today.

Now eight times platinum in Canada, *KISSology: Volume 1* is a proven must-own hit that chronicles the beginning of a band that has lasted over 30 years. Fans can pick up where Volume 1 left off when *KISSology: Volume 2* hits shelves.

KISSology: Volume 2 1978-1991 is an expanded three-disc set boasting nearly seven hours of rare or never-before-seen footage, featuring notorious television interviews and early KISS music videos. Volume 2 follows KISS from the height of mid 70's KISSsteria through the departure of Peter and Ace, the KISS unmasking and the Eric Carr years. Additionally, this DVD set will include the previously never-before-seen European theatrical version of the 1978 cult classic KISS film - *KISS IN ATTACK OF THE PHANTOMS* - complete with scenes not seen in the U.S. version.

KISS has sold 80+ million records throughout their career. The group has earned more than 55 gold, platinum and multi-platinum awards since receiving their first gold record for *KISS Alive!* in 1975. KISS has performed more than 3,500 concerts in front of nearly eighty million fans in virtually every country on planet earth.

With the same pristine, digitally-restored video as *Volume 1* and coupled with a 5.1 audio mix, *Volume 2* features stunning visual quality and impeccably detailed sound designed to meet the approval of the most demanding KISSmaniac.

KISSology: Volume 2 1978-1991 is produced by Alex Coletti and co-produced by Roger Coletti.
